

Product Description

The Smart Wall Plug allows you to control a variety of devices, including table-top fans and Christmas tree lights, directly from most common smart home hubs like google and alexa. Enjoy the convenience of managing your devices effortlessly and remotely, all with a simple tap on your smartphone.

Features

- **Control Your Appliances and Devices:** Control lights, fans, lamps, humidifiers, and any other appliances or electronics that plug into 120V outlets with a 10A Maximum Continuous Load (15A Max Peak Load for up to 1hr/day)
- **Monitor Your Home Energy:** MaxLiteHome smart plugs let you stay on top of energy used by your devices and appliances. Eliminate wasteful stand-by power, save on electricity, and extend product life.
- **Smart Scheduling for Maximum Control:** With built in on/off scheduling capability, use your smart plugs to automatically switch on and off appliances and devices.
- **Remote Control. Anytime, Anywhere.** Control your home remotely using the Tuya Smart App on your phone. Leave the lights on? Forget to turn off an appliance? Check the real-time status and toggle it on or off anytime, anywhere!
- **Requires 2.4GHz Wifi Connection** to control your devices remotely from your phone with an internet connection. 5.0 GHz Wifi networks are not supported.

Specifications

	IWP-SMTR-G2
