

MAXLITE "LAMP READY" UTILITY WRAP SERIES

PRODUCT DESCRIPTION:

The MaxLite "Lamp Ready" Utility Wrap series provides Architects, Specifiers, and Buyers with a UL listed fixture engineered to operate the latest Single/Double ended LED T8 lamps supplied separately. Offering classic prismatic diffuser, with post painted finish, these fixtures come pre-wired for single ended operating LED lamps for contractor ready installation as new or remodel fixtures.

Single ended or Dual mode (Single/Double ended) T8 internal driver lamps (4') under 17W must be purchased separately from Maxlite for this product.

Refer to Maxlite website for the latest offering

<https://www.maxlite.com/products/ul-type-b-ballast-bypass-t8/>
<https://www.maxlite.com/products/ul-type-b-ballast-bypass-double-ended-power-t8/>

FEATURES:

- Lead wires are 7' for tandem wiring, eliminating back and end knockouts.
- Sockets are wired in series via non-shunted sockets
- Ceiling or wall mounted
- Option "MSO" on/off occupancy sensor available
- Cable kits available for suspended use

CONSTRUCTION:

- Engineered and UL rated to take up to 22w per set of lamp holders
- Damp & indoor rated use.
- Post fab painted housing and prismatic lens standard.
- Wiring IS 18 AWG solid to allow 120-277v operation where lamp specification allows
- Sockets rated to 660w , 600V, UL Listed

WARRANTY:

5-year standard warranty*
(see terms at www.maxlite.com/warranties)

*Excludes EM/MS versions; component warranty applies.
*Product may be eligible for warranty extension to 10 years for an additional fee. Limitations apply, contact MaxLite for details.
