

Product Description:

Save energy while adding style to your space with the high-performance MaxLiteHome Area Light.

This powerful light is ideal for parking lots, garages, barns, and more. Its stainless steel finish complements any design style. High-output LEDs emit 10,000 lumens using only 100 watts. Built to withstand high temperatures and harsh conditions, it has an all-weather aluminum housing and an impact-resistant polycarbonate lens. Its rugged corrosion-resistant housing provides IP65 water and dust resistance, ideal for outdoor installation.

The 11-inch round area light features a built-in dusk-to-dawn photocell sensor. It automatically shuts off during daylight hours, adding to energy savings and convenience. Daylight 5000K light provides cool, invigorating light ideal for seeing objects in detail. Integrated LEDs eliminate the hassle of replacing bulbs and last up to 100,000 hours. Install this versatile light in two ways. Pole-mount it into 1.5-inch diameter mounting poles or mount it onto a wall. Mounting hardware is included.

DUSK TO DAWN - Designed to automatically light up at dusk and turn off at dawn, the integrated photocell ensures hassle-free operation and energy savings. Provide security to your home's exterior with reliable lighting from dusk till dawn.

DURABLE AND WEATHERPROOF - Crafted from durable aluminum with a bronze finish, this outdoor barn light withstands the elements. UV protected and wet location rated, its weather and rust resistant housing ensures long-lasting performance.

150 DEGREE BEAM ANGLE - Experience modern elegance with our outdoor sconce. Its sleek half-moon shape adds a touch of sophistication to any exterior. With a 150-degree beam angle and 5000K daylight glow, it provides ample illumination for outside of barns, shops, sheds, porches, backyards and outdoor areas.

50,000 HOURS - Upgrade your outdoor lighting with our high-performance led sconce. 10,000 lumens, the integrated bright LEDs eliminate the need for bulb replacements, offering energy savings and convenience.

EFFICIENT & TRUSTED - Discover the perfect outdoor lighting solution with this wall light. Backed by a 5-year warranty, it guarantees peace of mind. This UL listed light fixture ensures energy efficiency and safety. Tested for wet locations, it withstands outdoor elements.

Stocked Items:

ORDER CODE	MODEL NUMBER	DESCRIPTION
112929	SBL100U-5KBPC	100W LED AREA LIGHT, 120-277V, 5000K, 80 CRI, BRONZE FINISH, PHOTOCELL

Features:

- Rugged die cast aluminum housing with corrosion resistant polyester powder coat finish
- 100W
- CCT: 5000K
- Integral photocell automatically turns fixture on or off for dusk to dawn operation

Installation:

- Direct Wall Mount

Construction:

- Rugged die cast housing with corrosion resistant polyester powder coat finish
- UV stabilized impact resistant polycarbonate lens

Listings:

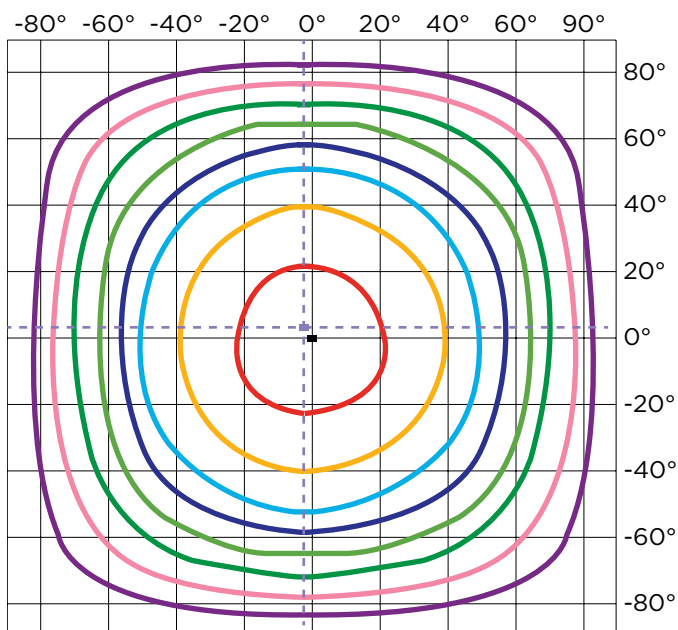

- ETL for Wet Locations
- IP65
- FCC

Specifications:

Power Consumption (W)	100W
Lumens (lm)	10,000 lm
Efficacy (lm/W)	100 lm/w
CRI	>80
Color Temperature (K)	5000K
Distribution	Type V
Voltage	120-277V
Lumen Maintenance (L70)	>100,000 hrs
Controls	Photocell included
Mounting	Wall
Lens	UV Stabilized polycarbonate
Operating Temperature	-20°C/-4°F - 40°C/104°F
Weight	7.05 lb (3.20 kg)
Listings	ETL, FCC, IP65
Warranty	5 Year warranty. Check maxlite.com/warranties for details
