

# A Perfect Retro Fit!

## LED RKT Series Recess Troffer Retrofit Kit

*Quick  
and Easy  
Installation  
Video*

MaxLite's LED RKT Series Recess Troffer Retrofit Kit replaces existing fluorescent troffers without removing the fixture from the ceiling cavity. Our quick and easy installation only requires one person which will cut down on up-front costs.

### Benefits of converting a fluorescent troffer using the RKT:

- 100,000 L70 lifetime translates into reduced maintenance costs.
- Up to 58% energy savings
- 0-10v dimmable can further reduce energy consumption
- Normal operation free of noise and flicker

2'x2' and 2'x4'  
Models Available
