

FAQ:

LSUECO UTILITY WRAP

Where would I use the LSUECO Utility Wrap fixture?

The LSUECO Utility Wrap is a dimmable, economic LED product designed with a full length acrylic lens and one piece white fabricated steel body. The LSUECO can be used in a wide variety of industrial and commercial applications such as warehouses, parking garages, stair wells, utility lighting, and much more.

What makes the LSUECO a better value than other LED linear fixtures?

The LSUECO is a lightweight and simple to install economic utility wrap that offers maximum energy savings, substantially reduced maintenance costs, and superior quality to other LED linear fixtures. The fixture can be surface mounted, is DLC Listed, and is suitable for damp locations.

What advantages does the LSUECO fixture have over traditional lighting?

Compared to traditional lighting sources, the LSUECO LED fixture has significantly reduced input wattages that allow both energy and monetary savings in the long term. Overall, the return on investment is much higher than that of traditional lighting.

Which LSUECO fixture should I use when converting from fluorescent?

LSUECO LED Product	Comparable Fluorescent	LSUECO LED Advantage
LSUECO-4DU4040	2x 32W T8, 1x 54W T5HO	38% less input watts

How much power does each lumen package consume?

LSUECO	Input Wattage	Lumens
LSUECO-4DU4040	40W	4,290 lm

What is the predicted life and maintenance schedule?

With 70% lumen maintenance (L70) at 50,000 hours, maintenance costs are minimal compared to traditional light sources, especially since they require regular maintenance and lamp recycling. When considering the labor costs associated with constant maintenance, each LSUECO will save hundreds of dollars over the life of the product.

What color temperatures are available?

The LSUECO is available in 4000K only.

Is the LSUECO IP rated?

No, the LSUECO is not IP rated, and is rated to be used in damp location environments.

Can I save additional energy with optional controls?

No, there are no control options available for this economic product.

What options and accessories are available?

There are no options or accessories available for the LSUECO. For a more comprehensive offering, consider MaxLite's LSU Utility Wrap.

How can I mount this fixture?

The LSUECO comes with brackets for surface mounting standard.

Is the LSUECO linkable?

No, the LSUECO is not linkable.

FAQ:

LSUECO UTILITY WRAP

Is there a power whip available for the LSUECO?

No, there is no power whip.

Can I dim the LSUECO fixture?

Yes, the drivers come standard with 0-10V dimming leads. With these leads, the product is capable of dimming down to 10%.

Is there an emergency battery backup option?

No, there is no battery backup option.

What is the standard color rendering index (CRI)?

The LEDs in the LSUECO have a CRI value of 80.

What is the standard warranty?

Purchase of the LSUECO fixtures comes with a 5 year limited warranty. Complete warranty terms are located at http://www.maxlite.com/resources/WarrantyPDFs/Maxlite_LED_Fixture_Warranty_083116.pdf

What parts are field replaceable?

None of the parts of the fixture are field replaceable except the lens, which is replaceable under warranty.

Does the LSUECO fixture come in different colors?

The standard LSUECO fixture is a white finish.

How do you ensure that the LSUECO fixture is a high quality product?

To ensure maximum quality, each configuration is both tested to UL standards and tested to identify the electrical and thermal limits of the product. During assembly, components are selected and assembled according to industry standards and each fixture is thoroughly tested prior to shipment.
