

# MPulse™ High Output Flood Light

The newest addition to the award-winning MPulse outdoor family, the High Output Flood Light replaces HID lighting systems up to 1500W. Perfect for car dealerships, parks and recreational areas, driving ranges, facades and general area illumination, the competitively priced High Output Flood Light can be coordinated with Wall Mount, Flood, Canopy and Bollard luminaires for complete design continuity.

#### Features:

- Multiple NEMA beam patterns
- Multiple mounting options
- Delivers up to 85,000+ lumens and 132 lm/W
- 10kV surge protection standard
