

Easy As C-C-T!

MaxLite offers a complete range of products with field-selectable color temperatures (CCTs) - more options with fewer SKUs to stock and manage!

Benefits:

- Switches from warm to cool white light
 - Saves space on shelves and job sites
 - Reduces carrying costs
 - Meets varied customer needs
-
- Flat Panels also wattage selectable
 - DLC listed or Energy Star certified models
 - Motion sensor, battery back-up available
 - Photocell included on most Outdoor products
